Meeting Minutes
UGA Staff Council

Chair Jerry Daniel called the meeting to order.

Following roll call, a quorum was not present; therefore no official business took place.

Speaker, Dr. Bud Freeman presented information on the Georgia Museum of Natural History which is housed at UGA. The Museum is presently located on Cedar Street in the Statistics building, although currently there are some displays at the UGA Botanical Garden. The Museum only exhibits a small fraction of the wide ranging research and specimens that have been collected by many researchers and departments. In addition, the Museum is seeking funds to build a new facility at the Botanical Gardens.

Elections for new SC Officers will be conducted online.

Meeting was adjourned.
